Something to hang

Three brooms and three dustpans.

-Problem: We need to hang three brooms and three dustpans in an area of 1,50 ~~cm~~ long and 97 cm wide.

-Brooms: 1,48 long

-Dustpans: 75 cm long

-Solution: We have to do a rack of 14 cm long and 65 cm wide (to occupy the space possible).

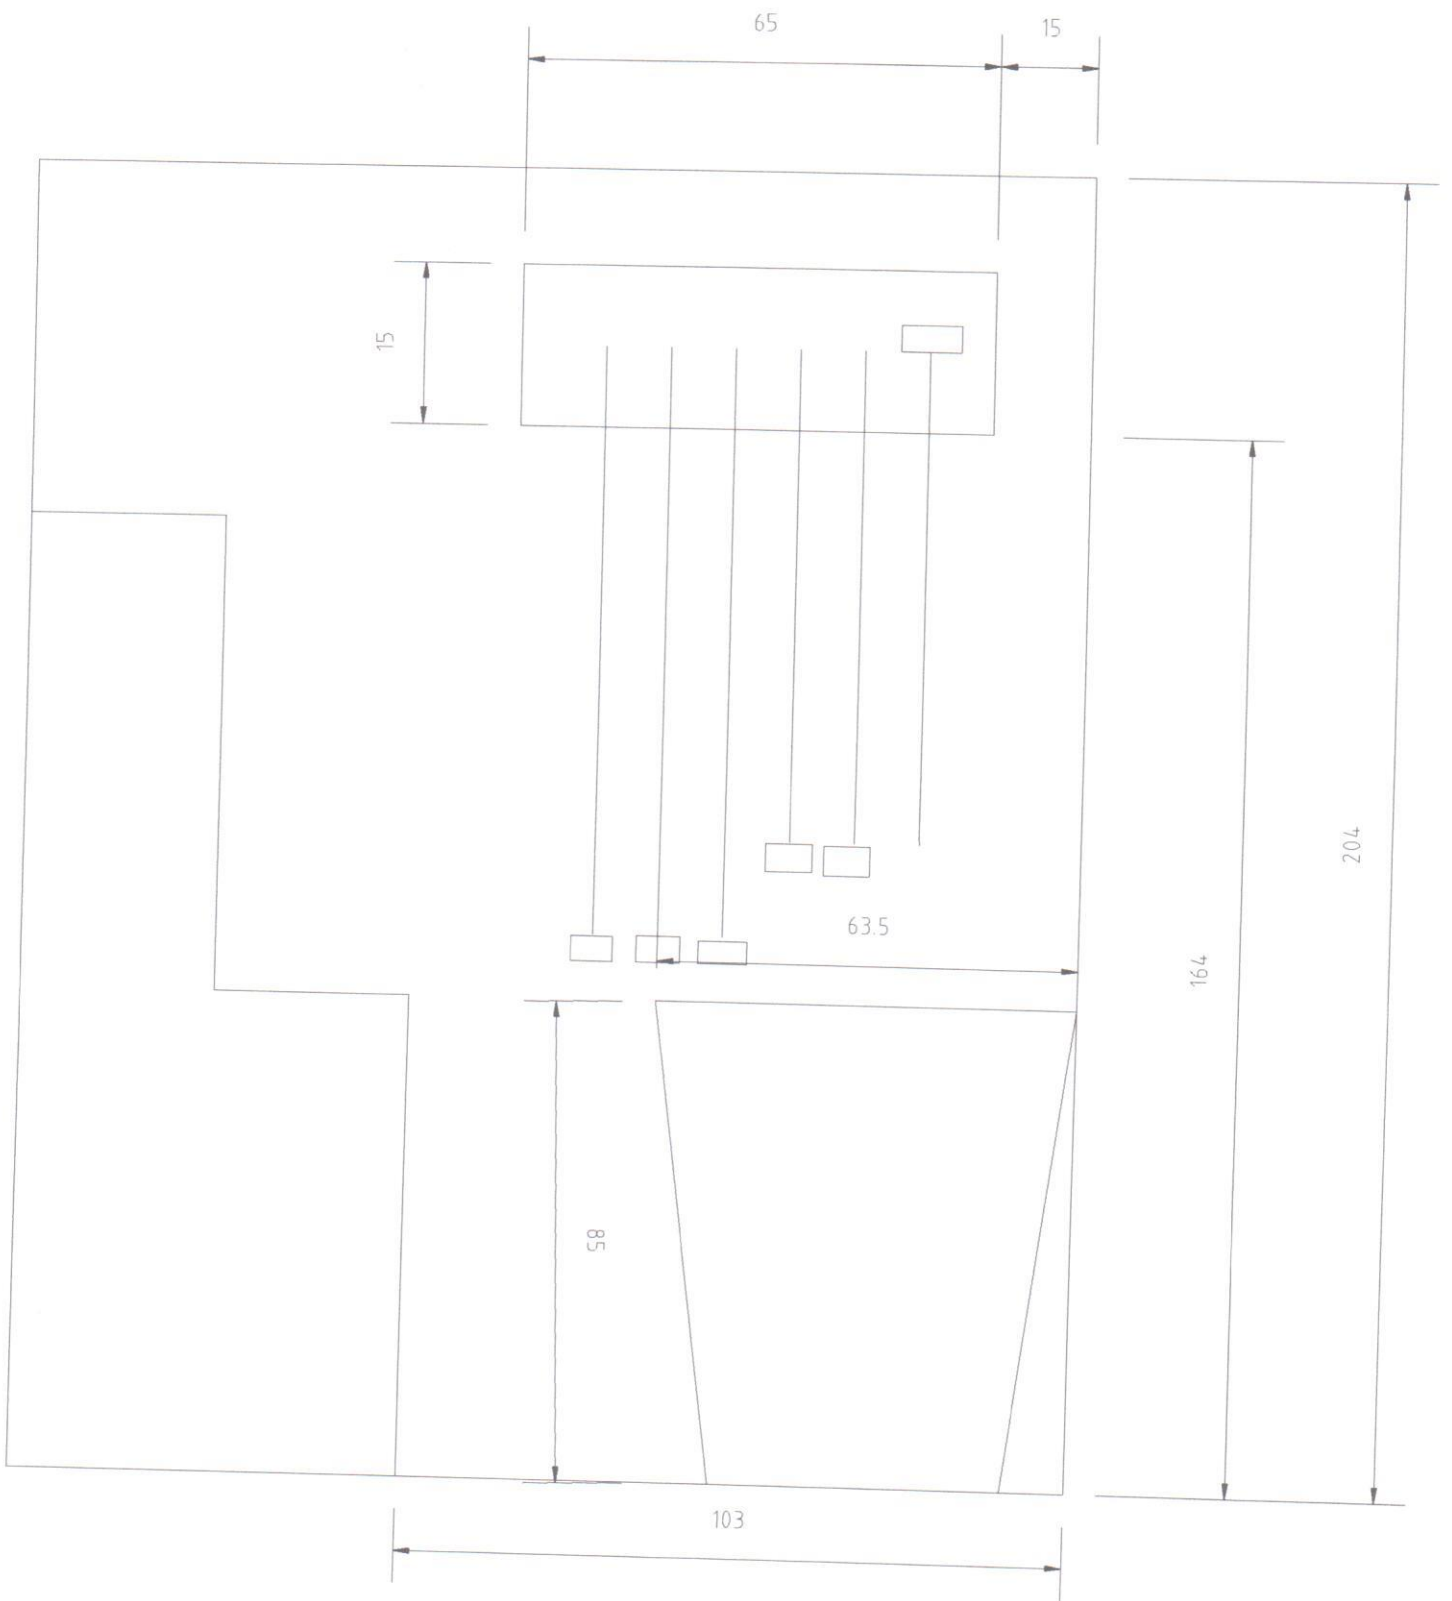

This rack can be done of aluminum or steel, stems (12) of aluminum or steel. The spacing between the sticks is 9,5 cm between two sticks.

-Steps: make a plan and then make the hanger with the necessary materials.

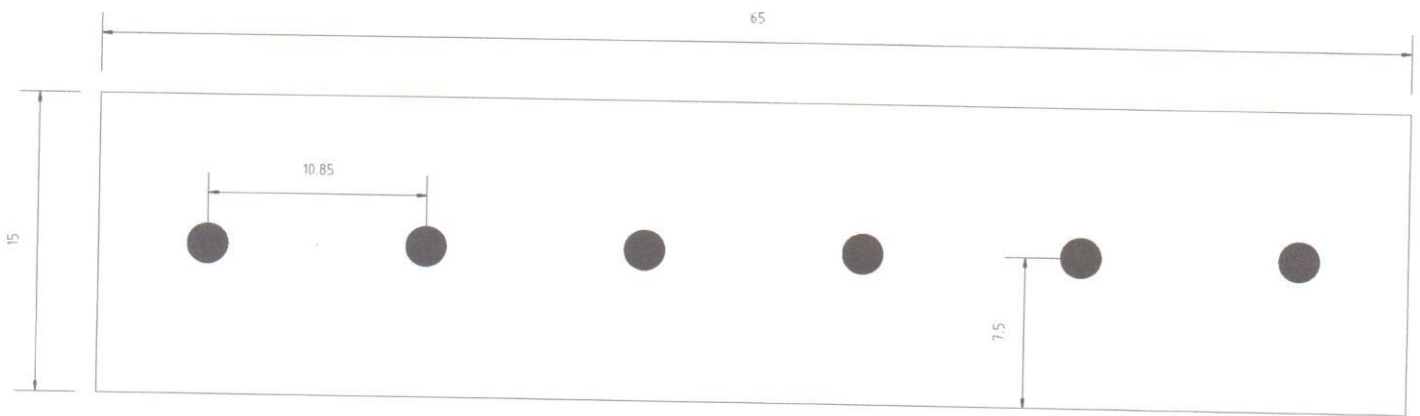

-Materials: plank of wood, sticks of aluminium or steel and some painting.

Group: Lucas López Bernot, Andrés Martín Cortés, Laura Parra Toribio, Inés Arregui Enrique.

Final Project

At first we had some ^{hooks}~~sticks~~ but they were too long and decided to change them.
